

## No Lady Would Do Such a Thing.

No lady would take her watch when out of order, to the first person who displayed the sign "Watches Regulated and Repaired." But she would carefully enquire for a man whose acknowledged skill entitled him to take in charge the delicate mechanism.

How much more careful should a woman be, when she herself is disordered, not to entrust the delicate and complex mechanism of her being to the first man or woman who displays the sign "Medical Advice Given." No sign is to be trusted which says "Medical Advice Given" and stops there. Medical advice can be given only by a physician. An accredited physician will put his title with his name. Suppose a sign reads, "Medical Advice Given by a Man." What woman would not instantly say, "The fact of being a man doesn't qualify him to give medical advice. He must be a physician to do that." But suppose the sign reads: "Medical Advice Given by a Woman." Is not the fact just as patent that being a woman does not qualify her to give medical advice. The woman must be a physician to do that. Medical advice given by an unskilled woman is just as dangerous as if given by an unskilled man.

In inviting sick and ailing woman to consult him by letter without charge, Dr. Pierce points to an experience and practice of over thirty years, devoted specially to diseases peculiar to women. In that time Dr. Pierce and his associate staff of medical specialists have successfully treated more than half a million women. All correspondence is treated as strictly private and sacredly confidential. Letters are promptly answered, and the answers are mailed in perfectly plain envelopes, without any printing upon them. Write without fee and without fear to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

### DIGEST YOUR FOOD.

Ninety per cent. of all sickness is caused by food not being properly digested. It creates poisons and goes into your blood and then you are liable to almost any disease the human system is heir to. Use Dr. Carter's German Liver Powder and watch the results. You will feel the good effects after taking one dose. Give it a trial and be convinced. Price 25c.

### Fashion Facts Worth Knowing.

Bright-red silk or wool jackets and sweaters owe their popularity to the present craze for gold.

Princess ties are the fashionable neck gear. They are made of silk over a high stock and have short bows and long ends in front.

The newest sleeves fit like a glove from wrist to shoulder.

Plain buttoned, or clasped gloves fitting snugly, are now worn on all occasions.

White wash-gloves will be used again this summer, for street wear and for outdoorsports.—Demorest's Magazine.

The leading article of the June Demorest's about "Puff-Balls" is a remarkably interesting account of the not generally known characteristics of this very common fungus. That it has medical qualities, and that it serves occasionally as an excellent breakfast for the camper who has strayed away from the commissary department, are among the many interesting facts set forth. An excellent collection of photographs for the various puff-balls at home are given. This is but one of several collections of pictures in this number which are of rare interest.

### BIMETALLIC LEAGUE CONVENTION.

Louisville, Ky., May 31st, June 1st and 2nd, 1899.

The third annual convention of the League of Bimetallic Clubs of the Ohio Valley, will be called to order at Louisville, Kentucky, on May 31st, 1899, and will continue in session until the night of June 2nd, 1899. There will be two or three sessions daily.

The following have positively and unreservedly accepted invitations to address said convention:

Hon. W. J. Bryan, of Nebraska;  
Hon. George Fred Williams, of Massachusetts;  
Hon. John P. Altgeld, of Illinois;  
Gov. Chas. S. Thomas, of Colorado;  
Senator J. C. S. Blackburn, Kentucky;  
Hon. P. Wat Hardin, Kentucky;  
Hon. W. J. Stone, Kentucky;  
Hon. William Goebel, Kentucky;  
Hon. John J. Lentz, Ohio;  
Hon. E. B. Finley, Ohio;  
Hon. Henry Warrum, Indiana;  
Hon. F. J. Van Vels, Indiana.

The reports of Governor Altgeld's illness are a mistake, as he has himself written rejecting his purpose to attend the convention.

It is confidently believed that Hon. W. J. Stone, of Missouri, and Hon. Joseph W. Bailey, of Texas, will also be present and address the convention. They have been invited and are endeavoring to so arrange their affairs so as to accept.

There will be two banquets in connection with the convention. One will be given on the night of June 2nd at Fountain Ferry Park, in honor of W. J. Bryan; and one at the Galt House, on the night of May 31st, to James P. Farvin.

The attendance of ladies is expected and desired. A committee of twenty-five ladies of Louisville has been appointed to receive and entertain visiting ladies.

The people of Louisville, without regard to party, are interesting themselves in the convention, and doing all in their power to give to those attending a good time and warm reception.

James P. Farvin, of Covington, is President of the League, and Allen W. Clark, of Greensburg, Ind., is Secretary. The object of the League is the advocacy of independent bimetalism at 16 to 1 by this country, and opposition to all the results growing out of the demonetization of silver.

Any 16 to 1 organization in the States of Ohio, Indiana, Illinois or Kentucky can send delegates to the convention. See official call herewith for full particulars.

IF THE sewers of a dwelling are faulty, or get clogged, it soon becomes so foul that life is not safe in it. That is just what happens to you when the Liver or Kidneys fail in their work. The first little signs are backache, poor appetite, changes in urine and sometimes bowel troubles and dropsical swellings. Do not neglect any of these; Deadly disorders may follow—STOP the mischief in time, use
